ENVIRONMENT & SUSTAINABILITY POLICY

Mick Newport contracting commitment to our environment is paramount. We aim to protect the environment by ensuring our work has as minimal impact as possible. Through the implementation of innovative Policy, Process and Practices, investment in a state-of-the-art fleet, and key training of all employees, we aim to provide a sustainable footprint for the future.

Close consultation with our customers and qualified environmental advisories ensure our services meet project specifications. When working within the World Heritage region in which we are located, we exercise paramount care and even more stringent practices.

Delivering a more sustainable project outcome, our customers, and the regions and communities in which they operate, benefit from a more sustainable and healthy environment.

Environmental management is the responsibility of all our staff, regardless of their role. Our skilled operators are trained and competent in environmental awareness and operate machinery fitted with the latest safety features and increased energy efficient technology where available.

Mick Newport Contracting Pty Ltd recognises that operating in a sustainable manner is crucial to maintaining good relations with our customers and communities, and will help preserve the environment in which we all live for future generations to come.

Our Environmental Commitment -

Our priorities go beyond delivering on site project success. We also integrate sustainable business practices into our daily operations and continually set goals that challenge us to increase efficiencies and reduce waste, such as implementing the following:

- Implementing paperless solutions where possible
- Recycled paper options
- Recycle our consumables
- Sustainable office and kitchen products

➤ Our Environment philosophy is –

It's our Earth, we PURSUE to care for her and treat her with the upmost daily respect.

HEALTH AND SAFETY POLICY

It is the Policy of Mick Newport Contracting (MNC) to ensure that all company activities are performed in a manner which protects the health and safety of Employees, Contractors, the Public and Environment.

Mick Newport Contracting management acknowledge that a healthy and safe work environment is fundamental to successful business operations. Continual improved health and safety performance will be achieved by Management and Employees working together to develop safe systems and maintain awareness at the highest level possible.

Mick Newport Contracting will strive to continuously improve its safety performance and minimise risks. Adherence to all applicable laws and regulations relating to occupational health and safety is paramount.

To achieve its objectives, Mick Newport Contracting will -

- Provide a healthy work environment, maintained equipment and systems of work for employees and contractors
- Ensure that all employees are suitably qualified to undertake the task allocated and train employees in health and safety issues which may affect their own health and that of others.
- Regularly review work areas and practices to improve health and safety and to ensure compliance and statutory requirements.
- Recognising that Management and each employee has direct responsibility to follow practices which ensure their own personal health and safety and that of their fellow employees & community.
- Monitor our own performance and provide health and safety advice on our services to customers and the public.
- Maintain an alcohol & drug free working environment.

Our Health & Safety philosophy is -

There is no task that we undertake that is so important that we cannot take the time to find a safe way to do it.
